Createspace, United States, 2013. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Organic gardening is becoming more and more prevalent and a lot of people are growing their own produce in order to eat healthy and be self-sufficient. If you're seriously thinking of picking up gardening as a hobby, and organic gardening in particular, then this e-book is for you. You'll be gardening efficiently while at the same time helping preserve the environment and becoming self-reliant. If you are new to gardening and have never done it before, then this book will take you by the hand and show you how it's done while saving you money in the process. Have you ever seen perfect looking fruits, almost to the extent that they seem to have undergone cosmetic surgery? But when you eat them, they are just tasteless. Do you know that extensive chemicals are used to make them look that way, which are of course harmful for us. If the idea of eating chemically treated foods repels you, just like it does to me, then you have no need to worry. I have made available all the information that you will need to get started with organic gardening in a simple and easy to read manner. I want to share with you not just the joys of growing and eating homegrown food but also going out in the sunshine and enjoying gardening. In Organic Gardening 101: A Step by Step Beginner's Guide to Gardening and Growing Your Own Healthy Organic Produce, I will show you: The benefits of organic gardening Gardening terminology Tools of the trade How to prepare your soil for planting How to choose what to grow How to efficiently water your plants...
