The authors capitalize on students' natural interest in nutrition by demonstrating how it relates to their health and their everyday lives, and by addressing- and debunking- commonly held misconceptions students have. The applied nature of the book is also reflected in the functional organization of the micronutrient chapters. This approach encourages students to develop a conceptual framework in which to organize the information and helps them understand the role of nutrients in their bodies and their own health. The book's applied approach is enhanced in the Second Edition with the inclusion of in-depth six to eight page sections that cover important topics. These sections--Alcohol, Vitamins & Minerals Overview, Phytochemicals & Functional Foods, and Global Nutrition--were chosen because reviewers highly-desired the addition of this content. The In-Depth section covering vitamins and minerals is presented with a unique design and maintain the functional approach of the book while still...

Reviews

This is basically the finest publication i actually have go through till now. We have read and i also am confident that i am going to likely to read through again once more in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
