And we all respond to electromagnetism such as light. We see light with our eyes and interpret what our eyes see with our brain. This book is written with the specific purpose of helping you take action. The style is that of a manual. It uses remarkably simple yet powerful colored objects in your home. Readers have used the first editions with their partners, children, or clients with great success. Self-development teachers have used it with their students. And one reader used it to help tackle bullying in a young children s school. How will you enjoy your color healing?!.
