JOOMLA! WEB SECURITY

Packt Publishing. Paperback. Book Condition: New. This item is printed on demand. Paperback. 264 pages. In Detail Joomla! is one of the most powerful open-source content management systems used to build websites and other powerful online applications. While Joomla! itself is inherently safe, misconfigurations, vulnerable components, poorly configured hosts, and weak passwords can all contribute to the downfall of your site. So, you need to know how to secure your website from security threats. Today every website needs to take...

Reviews

Absolutely essential study book. It normally fails to price excessive. I realized this ebook from my dad and i encouraged this publication to find out.
-- Mariela Stroman

A very wonderful book with lucid and perfect answers. It is probably the most incredible book i have study. Its been designed in an exceptionally simple way and is particularly just after i finished reading through this publication by which in fact transformed me, alter the way in my opinion.
-- Macey Schneider
