DEFORESTATION TRENDS IN THE CONGO BASIN: RECONCILING ECONOMIC GROWTH AND FOREST PROTECTION

World Bank Publications. Paperback. Book Condition: new. BRAND NEW, Deforestation Trends in the Congo Basin: Reconciling Economic Growth and Forest Protection, Carole Megevand, The Congo Basin forests have been mainly 'passively' protected by chronic political instability and conflict, poor infrastructure, and poor governance. Congo Basin countries thus still fit the profile of high forest cover/ low deforestation (HFLD) countries. However, there are signs that Congo Basin forests are under increasing pressure from a variety of sources, including mineral extraction, road...

Reviews

Comprehensive information for book fanatics. it had been written really completely and useful. I am happy to explain how this is the greatest publication i have read through in my very own life and can be the finest pdf for ever.

-- Virginie Collier I

Simply no words to explain. It really is basic but shocks from the fifty percent of the ebook. I am just happy to explain how this is the finest pdf we have read within my personal life and could be the best ebook for possibly.

-- Blair Monahan
